

UNO - PVA - 200

UNOFIX PVA 200 - D2 Framework Adhesive

A medium-viscosity, PVA-based homopolymer adhesive for consistent spreading on wood and wide surfaces. It dries to a transparent, elastic film while supporting lower consumption and easy clean-up.

DESCRIPTION

UNOFIX PVA 200 is a medium-viscosity, PVA-based homopolymer adhesive designed for an even spread across surfaces. It supports practical application on large areas, including hand-roller application.

Once dry, it forms a transparent, elastic film in line with D2 requirements. Hot-water cleaning is easy immediately after application, before the adhesive dries.

Use it to bond wooden components and laminate wide areas such as door surfaces, wood windows and wooden stairs.

KEY BENEFITS

- ✓ Smooth application across large surfaces
- ✓ Lower consumption than comparable products
- ✓ Reliable bonding for wooden components
- ✓ Faster clean-up after application
- ✓ Clear appearance after drying
- ✓ Practical for doors, windows and stairs

FEATURES

- PVA-based homopolymer formulation
- Medium viscosity for even spreading
- Transparent film after drying
- Elastic film structure
- Suitable for hand-roller application
- Easy hot-water cleaning before drying

SPECIFICATIONS

Colour	White
Viscosity (20°C)	1500 ± 100 cp
Shelf Life (Month)	12
Packaging	25 kg Plastic Drum
Density	1.07 ± 0,02 g/cm ³
Adhesive Technology	PVA

Datasheet Disclaimer

The technical values presented in this document are based on laboratory tests and practical application experience. They are provided for general guidance only and should not be considered as product specifications or a guarantee of performance under all operating conditions.

Application performance may vary depending on substrate type, surface preparation, environmental conditions, processing parameters and production methods. Users are responsible for determining the suitability of the product through their own testing before use in commercial production.

As products are continuously improved, technical data may be updated without prior notice. Please contact our technical team for the latest product information and application recommendations.
